**APPLICATION GUIDELINES**  
**JAPANESE GOVERNMENT (MEXT) SCHOLARSHIP FOR 2024**  
**(TEACHER TRAINING STUDENTS)**

The Ministry of Education, Culture, Sports, Science, and Technology (MEXT) of Japan offers scholarships to international teachers who wish to conduct research on school education at designated Japanese universities as Teacher Training Students under the Japanese Government (MEXT) Scholarship Program as follows.

**1. QUALIFICATIONS AND CONDITIONS**

MEXT accepts applications from international students for study in Japan who satisfy the following qualifications and conditions. Its aim is to foster human resources who will become bridges of friendship between the grantee's country and Japan through study in Japan and who will contribute to the development of both countries and the wider world.

- (1) **Nationality:** Applicants must have the nationality of a country that has diplomatic relations with Japan. An applicant who has Japanese nationality at the time of application is not eligible. However, persons with dual nationality who hold Japanese nationality and whose place of residence at the time of application is outside of Japan are eligible to apply as long as they choose the nationality of the other country and renounce their Japanese nationality by the date of their arrival in Japan (the acquisition of student status). The First Screening must be conducted at the Japanese diplomatic mission in the country of which the applicant chooses the nationality.
- (2) **Age:** In principle, applicants must be born on or after April 2, 1989. Exceptions are limited to cases in which MEXT deems that the applicant could not apply within the eligible age limit due to the situation or circumstances of the applicant's country (military service obligation, loss of educational opportunities due to disturbances of war, etc.). Personal circumstances (financial situation, family circumstances, state of health, circumstances related to applicant's university or place of employment etc.) will not be considered for exceptions.
- (3) **Academic and Career Background:** Applicants must be graduates of universities or teacher training schools and have worked as teachers at primary/secondary educational institutions or teacher training schools (excluding universities) in their home countries for a total period of five years or more as of October 1, 2024. In-service faculty members in a higher education institution are not eligible.
- (4) **Japanese Language Ability:** Applicants must be willing to learn Japanese. Applicants must be interested in Japan and be willing to deepen their understanding of Japan after arriving in Japan. Applicants must also have the ability to do research and adapt to living in Japan.
- (5) **Health:** Applicants must submit a health certificate in the prescribed format signed by a physician attesting that the applicant has no physical or mental conditions hindering the applicant's study in Japan.
- (6) **Arrival in Japan:** In principle, applicants must be able to arrive in Japan by the designated period (usually September or October) between the day two weeks before the course starts and the starting date of the course. If the applicant cannot arrive in Japan during the specified period for personal reasons, travel expenses to Japan will not be paid. Excluding cases in which MEXT deems as unavoidable circumstances, the applicant must withdraw from this scholarship program if the applicant cannot arrive in Japan by the end of the specified period above which decided by MEXT or the accepting university.

**(7) Visa Requirement:** An applicant shall, in principle, newly obtain a “Student” visa at the Japanese diplomatic mission located in the applicant’s country of nationality, and enter Japan with the newly obtained status residence of “Student”. Accordingly, even if the applicant already has other status of residence (“Permanent resident,” “Long-term resident,” etc.), the applicant must newly obtain a “Student” visa and re-enter Japan. The applicant should be aware that the original status of residence of “Permanent resident” or “Long-term resident,” might not be necessarily granted after the expiration of the status as a MEXT Scholarship student. In case the grantee comes to Japan without newly obtaining the “Student” visa, the payment of the scholarship will be suspended. Moreover, as the Japanese Government requires pre-arrival tuberculosis screening for some countries, applicants obtaining a visa shall follow guidance at the Japanese diplomatic mission located in the applicant’s country of nationality (From the 2024 applicants).

**(8) Non-Eligibility:** Those who meet any one of the following conditions are ineligible. If identified ineligible after being selected as a scholarship student, he/she must withdraw from the scholarship:

- ① Those who are military personnel or military civilian employees.
- ② Those who cannot arrive in Japan by the last date of the period specified by MEXT or the accepting university;
- ③ Those who are previous grantees of Japanese Government (MEXT) Scholarship in the past (including those who have withdrawn from the scholarship program after the arrival in Japan). It does not apply to those receiving the Monbukagakusho Honors Scholarship for Privately-Financed International Students in the past;
- ④ Those who are currently also applying for another program for which scholarship payments will begin in fiscal year 2024 through a Japanese Government (MEXT) scholarship scheme;
- ⑤ Those who are already enrolled in a Japanese university or other institution with a residence status of “Student,” or who are going to be enrolled, or plan to enroll, in a Japanese university or other institution as a privately-financed international student from the time of application to the MEXT scholarship program in the applicant’s country until the commencement of the period for payment of the MEXT scholarship. However, this stipulation does not apply to privately-financed international students who, even though they are enrolled, or are planning to enroll, in a Japanese university or other institution, verifiably complete their studies and return to their home country before the start of the scholarship payment period and then newly acquire the “Student” residence status to come to Japan;
- ⑥ Those who are planning to receive scholarship money from an organization other than MEXT (including a government organization of the applicant’s country) on top of the scholarship money provided by MEXT after the start of the scholarship payment period;
- ⑦ Holders of dual nationality at the time of application who will not be able to verify that they have given up Japanese nationality by the time of their arrival in Japan (the acquisition of student status);
- ⑧ Those who are found to have attempted or actually committed any kinds of cheating prohibited by the examiner during the written examination of the First Screening.
- ⑨ Those who change their status of residence of “Student” to any other status after their arrival in Japan.

## **2. PLACEMENT AND SPECIALIZED TRAINING AT UNIVERSITIES**

- (1) The study/training is implemented only in the university study courses listed in the “*Course Guide of Teacher Training Program*.” This *Course Guide* is available from the MEXT’s website.
- (2) MEXT, in consultation with the universities concerned, will decide on the university where each grantee shall be enrolled by taking into consideration his/her Japanese language ability, the result of written examination and specialized courses he/she wishes to take (the university may make direct inquiries to the applicant during the screening process). Objections regarding university placement will not be accepted. **If the accepting university has yet to be determined by the specified period of time (by August 15, 2024), the applicant will be rejected.**
- (3) The training at universities will be conducted in Japanese or English in principle. Language(s) used in each course can be confirmed in “*Course Guide of Teacher Training Program*.”
- (4) Grantees whose Japanese language ability is insufficient shall take Japanese-language education in a Japanese language study course at the accepting university or at a university designated by MEXT. Japanese-language education is generally provided for six months at the beginning of the scholarship period, but some of the accepting universities may conduct Japanese-language education in parallel with the training.
- (5) The training mainly consists of educational administration (examples: educational administration and finance, school management), educational methods (examples: classroom teaching, learning system theory, curriculum, and educational assessment), specialized subject research (examples: mathematics, physics, chemistry, and gymnastics), and observational tours and practice (examples: class observations, participation in special educational activities, and tours of educational research facilities). However, as the course contents vary with each university, please make sure to check on the course guide.
- (6) A grantee who has completed a specified course at the accepting university will be given a certificate from the university. Please be aware that the purpose of this scholarship program is not to obtain an academic degree. The grantee, therefore, shall return to the home country by the end of the final month of the scholarship period after the completion of the course and resume their work as a teacher at his/her primary/secondary educational institution or teacher training school. The grantee cannot be enrolled in a master’s or a doctorate course at a Japanese university during his/her scholarship period or right after its completion. **If a grantee does not satisfy these conditions, he/she may be ordered to return the entire amount of the scholarship paid during the scholarship period.**

### 3. PERIOD OF SCHOLARSHIP

The scholarship period is the necessary period for the completion of the accepting university's training course, which should be between October 2024 (or the starting month of the course) and March 2026. Even if applicants arrive in Japan in September, 2024, the scholarship period will start in October 2024. Extension of the scholarship period is not permitted.

### 4. SCHOLARSHIP BENEFITS

(1) **Allowance:** After arrival in Japan, 143,000 yen per month will be paid. A supplemental regional allowance of 2,000 or 3,000 yen per month will be added to the monthly scholarship amount for the grantees studying or conducting research in specially designated regions. Due to the situation of the Japanese Government's budget, the amount of payment may be subject to change each fiscal year. If a grantee is absent from the university for an extended period, the scholarship shall be suspended for that period.

(2) **Education Fees:** Fees for the entrance examination, matriculation and tuition at universities will be paid by MEXT.

#### (3) Travel Expenses

① **Transportation to Japan:** For grantees arriving in Japan during the fixed period stipulated in 1. (6) "Arrival in Japan," MEXT stipulates the travel schedule and route, and provides an economy-class airline ticket for the flight from the international airport closest to the grantee's residence (in principle, the country of nationality) to an international airport in Japan used on the normal route to the accepting university. The travel schedule change or route change is not allowed after provision of airline ticket. The grantee shall bear at his/her own expense all costs related to domestic travel from the grantee's residence to the nearest international airport, airport taxes, airport usage fees, special taxes necessary for travel, travel expenses within Japan (including airline transit costs), travel insurance expenses, carry-on luggage or unaccompanied baggage expenses, etc. The grantee shall also bear at his/her own expense travel and lodging costs incurred in a third country (a) if the grantee must travel to a third country before coming to Japan for visa purposes because there are no Japanese diplomatic missions in his/her country or because Japanese diplomatic missions in his/her country are temporally closed, or (b) if there are no direct flights from the grantee's country of nationality to Japan. In such cases, MEXT will provide an economy-class airline ticket from the grantee's country of nationality to the said third country, and from the third country to an international airport in Japan used on the normal route to the accepting university. In principle, the address given in the space for "Current address", on the application form shall be recognized as the "residence," (if the grantee plans to move within his/her country of nationality after application, the address given in the space for "Your address before departure for Japan" on the application form shall be recognized as the "residence") and the airline ticket will be arranged for a flight from the international airport nearest to that address. Except for cases when the grantee must travel to a third country to obtain a visa, MEXT will not provide an airline ticket for cases of travel to Japan from a country other than the grantee's country of nationality due to the grantee's personal circumstances. Moreover, if, due to the grantee's personal circumstances, the grantee arrives in Japan outside of the fixed period stipulated in 1. (6) "Arrival in Japan" above, the travel expenses for the trip to Japan will not be provided.

② **Transportation from Japan:** Based on the application by the grantee, MEXT will provide an airline ticket to grantees who shall complete the training course at the accepting university and return to the home country by the end of the final month of the scholarship period (See "3. PERIOD OF SCHOLARSHIP") designated by MEXT. MEXT, in principle, shall provide an economy-class airline ticket from an international airport in Japan used for the normal route to and from the accepting university to the international airport (in principle, in the

country of nationality) nearest to the returning grantee's residence. The travel schedule change or route change is not allowed after provision of airline ticket. The grantee shall bear at his/her own expense all costs related to travel from the grantee's residence in Japan to the nearest international airport, airport taxes, airport usage fees, special taxes necessary for travel, travel expenses within the country of nationality (including airline transit costs), travel insurance expenses, carry-on luggage or unaccompanied baggage expenses, etc. If a grantee returns to the home country before the end of the scholarship period due to personal circumstances, or reasons stated in "5. SUSPENSION OF PAYMENT OF SCHOLARSHIP", MEXT will not pay for the returning travel expenses.

If a grantee will also not return to his/her home country by the end of the final month of the scholarship period, or will not resume his/her work at his/her primary/secondary educational institution or teacher training school, MEXT, in principle, will not pay for the returning travel expenses.

## 5. SUSPENSION OF PAYMENT OF SCHOLARSHIP

Payment of the scholarship will be cancelled for the reasons given below. Should any of the following reasons apply, the grantee may be ordered to return a part of, or all of, the scholarship paid up to that time. Payment of the scholarship may also be stopped during the period up to the decision on the disposition of the matter:

- ① A grantee is judged to have made a false statement on his/her application;
- ② A grantee violates any article of his/her pledge to the Minister of Education, Culture, Sports, Science and Technology;
- ③ A grantee violates any Japanese laws and is sentenced to imprisonment for an indefinite period or for a period of exceeding 1 year;

- ⑥ A grantee came to Japan without a newly obtained "Student" visa, or changed his/her status of residence of "Student" to any other status;
- ⑦ A grantee has received another scholarship (excluding those specified as being for research expenditures);
- ⑧ A grantee does not return to his/her home country by the end of the final month of the scholarship period and does not resume his/her work as a teacher at his/her primary/secondary educational institution or teacher training school.
